5. INSURANCE

5.1. Description of insurance cover:

The entry fee includes the insurance premium, guaranteeing the
competitors cover for civil liability towards third parties, amounting up
to 100.000,00 EUR. The insurance cover will come into effect from the
start of the special stage and will cease at the end of each special
stage of the rally or at the moment of retirement, exclusion or
disqualification. Upon the request of entrants or drivers, and at their
charge, the organizer will take out any additional insurance, during
the running of the rally.

Each member of the team must have a life insurance policy during
the rally. The organizer holds no responsibility to any damage towards
competitors or drivers. The competitors take part in the event at their own risk

thus bearing the sole responsibility regarding material and penal codes for any damage caused.

Service vehicles, including those bearing special plates issued by the organizer, may never be considered as official participants in the rally. They are therefore not covered by the insurance policy of the event and remain the sole responsibility of their owners.

6. ADVERTISING and IDENTIFICATION

All advertising must comply with the Law of Serbia. The advertising of tobacco products and alcoholic beverages is forbidden in Republic of Serbia.

Organizer's compulsory advertising will be placed on the door numbers and the rally plates.

Details concerning all rally advertising will be published in a bulletin. The organizer reserves the exclusive right to place any kind of advertising in the rally HQ and along the route of the rally. All advertising activities must be agreed upon by the organizer.

6.1 Competition numbers

Competition numbers supplied by the organizer must appear on the car, according to Appendix IV, during the entire rally. If it is ascertained at any time during the rally that any competition number is missing, this will be reported to the Stewards, who may impose a penalty as per Articles 12.2 and 12.3 of the Code.

6.2 Rally plates

Rally plates must be affixed as shown in Appendix IV of these regulations for the entire duration of the rally. The front plate must under no circumstances cover, even partially, the car's registration number plate. 12.6 Exclusion for lateness

Any lateness exceeding 15 minutes of the target time on a road section or an accumulative lateness exceeding 30 minutes at the end of each section or Leg of the rally will result in the competitor concerned being excluded by the Clerk of the Course. The crew may nevertheless re-start the rally under the provisions specified for the relevant Championship, if applicable. In calculating such exclusion, the actual time and not the penalty time (10 seconds per minute) applies.

12.7 Exit from a regroup

After a regroup during a Leg, the cars shall restart in the order of arrival at the regroup.

12.8 Re-start after retirement / rally 2

A crew which has failed to complete a Leg can re-start the rally from the start of the next Leg only if they confirm their intention to the Clerk of the Course one hour prior to the publication to the start list of the subsequent Leg. The competitor must advise the organizer of the reason for retirement (e.g. accident, technical problems, etc.) and the intention to have the car re-scrutineered. This shall apply to any car which has been excluded on the grounds of exceeding the time limit or has failed to report to a control, but shall not apply where the car has been excluded for breach of eligibility requirements, traffic infringements or by a decision of the stewards. Any competitor who restarts will not be classified in the final overall classification and thus not be eligible for Championship points, except bonus points.

- For the 1st place in each Class (RC 2, RC 3, RC 4, RC 5);
- For the 1st, 2nd and 3rd place in general classification for each Championship

15. FINAL CHECKS

15.1 Final checks

Immediately after the finish podium, cars selected by the Stewards will be taken for the final checks, which will be carried out at the Užice, Miloša Obrenovića 22, AMSS Center. The final checks will start on 25. SEPTEMBER 2016. at approximately **14:15** hrs. Crews are obliged to observe the instructions of the organizer. The competitors are obliged to ensure that at least one representative of the entrant and the relevant numbers of mechanics are present at the final checks.

15.2 Protest fees

Every protest shall be in writing and accompanied by a fee.

This fee may only be returned if the protest is upheld.

15.2.1 The sum of the protest fee is set to 500,00 euro.

15.2.2 As for the protest involving clearly defined part of the car (engine, transmission, steering, braking system, electric installation, bodywork, etc.), the sum of 1.500,00 euro is set.

15.2.3 Protests are not allowed against the whole car.

15.2.4 The expenses incurred by the work done on the car and its transport shall be borne by the claimant in the case the protest is unfounded, or by the competitor against whom the protest is lodged, in the case it is upheld.

15.2.5 If the protest is unfounded, and if the expenses incurred due to the protest (scrutineering, transport, etc.) are higher than the amount of the deposit, the difference shall be borne by the claimant. Conversely, if the expenses are less, the difference shall be returned to the claimant.

15.3. Appeal fees

15.3.1 Sum of the national appeal fee (ASN) is set to 50,00 EUR.

15.3.2 Sum of the international appeal fee (FIA) is set to 6.000,00 EUR.

APPENDIX IV - COMPETITION NUMBERS AND ADVERTISING

APPENDIX V

EXTRACTS FROM FIA APPENDIX L RELATING TO SAFETY REQUIREMENTS

CREWS EQUIPMENT

1. Helmets

1.1 Standards

All drivers competing in rally special stages, entered on the FIA Calendar, must wear crash helmets which meet one of the standards listed in FIA Technical List N°25.

1.2 Conditions of use

Drivers and co-drivers in closed cockpit cars who wear full-face helmets must be able to pass the following test (1), in order to ensure that appropriate access to the airway of an injured driver is possible:

- the driver is to be seated in his car, with helmet and FIA approved head restraint in place and attached and safety harness buckled.

- with the help of two rescuers, the chief medical officer of the Event (or, if present, the FIA medical delegate), must be able to remove the helmet with the driver's head maintained permanently in a neutral position.

If this is impossible, the driver will be required to wear an openface helmet.

1.3 Modifications

No helmet may be modified from its specification as manufactured, except in compliance with instructions approved by the manufacturer and one of the FIA-listed standards organisations which certified the model concerned. Any other modification will render the helmet unacceptable for the requirements of the present Article 1.

1.4 Maximum weight and communications systems

Helmet weights may be checked at any time during an event and must not exceed 1800 g for a full-face type or 1600 g for an open-face type, including all accessories and attachments.

1.5 Decoration

Paint can react with helmet shell material and affect its protective capacity; therefore, where a manufacturer provides guidelines or restrictions on the painting or decoration of helmets, these must be followed, using only paint specified by them (air drying acrylic, polyurethane enamel or others) and preferably a painter having their approval. This is particularly important for injection-moulded shells, which are not usually suitable for painting.

The shell being painted should be efficiently masked, as paint penetrating the interior can affect the performance of the helmet liner.

Paints requiring heat curing should not be used and any process should not exceed the maximum temperature of conditioning of the helmet in the standard to which it is approved.

The manufacturer’s instructions should also be consulted for any considerations on the use of stickers and transfers.

2. Flame-resistant clothing

In special stages of rallies and selective events entered on the International Sporting Calendar, all drivers and co-drivers must wear overalls as well as gloves (optional for co-drivers), long underwear, a balaclava, socks and shoes homologated to the FIA 8856-2000 standard (Technical List N°27).

Users must ensure that garments are not too tight, as this reduces the level of protection. Embroidery sewn directly onto the overalls shall be stitched onto the outermost layer only, for better heat insulation. Backing material of badges and thread used for affixing them to the overalls must be flameproof (see Appendix 1 of the FIA 8856-2000 Standard for detailed requirements and instructions for use). For events taking place in extreme heat, it is recommended that a cooling system be used (connected, for example, to the underwear designed for that purpose and homologated according to the FIA 8856- 2000 standard).

Exceptionally, driver cooling vests which are not FIA homologated may be worn but shall be in addition to the mandatory homologated underwear. They must include a base garment certified and labelled to ISO 15025; any tubing must be certified and labelled to ISO 17493 and must not be in contact with the driver’s skin, and any connection to an on-board system must comply with Article 5.8.6 of the FIA 8856-2000 standard.

3. Frontal Head Restraint (FHR)

3.1 The wearing in an international event of any device intended to protect the head or neck and attached to the helmet is prohibited, unless the device has been homologated according to the FIA 8858 standard. Homologated FHR systems are listed in the FIA Technical List N° 29.

FIA-approved FHR systems must be worn by drivers in all International Events.

3.2 Conditions of use

FHR systems must be worn only with FIA-approved items according to the following chart:

Helmet ⁽²⁾	Tether system (tether, tether end fitting and helmet anchorage)
FIA 8860 (Technical List N° 33)	FIA 8858 (Technical List N° 29)
FIA 8858 (Technical List N° 41)	

(2)Mandatory wearing of helmets in each championship according to Article 1.1 above.

For more details when the device used is the HANS®, the “Guide for the Use of HANS® in international motor sport”, published by the FIA Institute for Motor Sport Safety, can be found on www.fia.com, under the heading FIA Sport - Regulations - Drivers’ Equipment.

3.3 Compatibility and permitted use of items approved to the FIA 8858-2002, 8858-2010, 8860-2004 and 8860- 2010standards.

The FIA 8860-2004 (Advanced helmets) and FIA 8858-2002 (FHR systems and compatible helmets) standards were updated in 2010.

Both the original and revised versions remain valid when used as shown on the chart below.

	FHR 8858-2010	Tether (with end fitting) 8858-2010	Helmet anchorage 8858-2010	Helmet 8858-2010 and 8860-2010
HANS 8858-2002		YES	YES	YES
Tether (w/ end fitting) 8858-2002	NO		If mecha- nically compatible	YES
Helmet anchorage 8858-2002	YES	If mecha- nically compatible		NO
Helmet 8858-2002 and 8860-2004	YES	YES	NO	

4. Safety Belts

Drivers must be properly restrained in their seat by safety belts in conformity with the specifications of Appendix J for the vehicle concerned, at all times during an event when it is mobile on a special stage or competition course.
